

Joint Occupational Health and Safety Committee
Educational leave survey

If health and safety education is provided through an online program, please answer the following questions.

1. What organization provides the online program?

2. Approximately, how many health and safety committee members or worker representatives are there in your district?

3. In the past year, how many committee members or worker representatives have completed the online training/education?

Administrators:

Teachers:

Support staff:

4. Provide any general comments regarding the efficacy of the online program.
